

once the catalyzing event occurs. Revolutionary change is the accumulation of actions by the whole of the people that result in a mass movement with the goal of aiming of all humanity's resources towards the abolition of the state, capitalism, authority, and domination, simultaneously. It involves the whole of humanity in constant conflictuality with forces of oppression on an interpersonal, community, national, and international level. The insurrection is a social event which means it has social implications that span international borders. Thus, as the shackles of empire and militarism are attacked and destroyed in this nation-state, it should be made it all the more clear in other nation-states how to attack and destroy the nation-state. If amerika falls, so too does the manager of international capitalism and colonial oppression.

The Black Insurrectionary position seeks to replicate the destruction of "3rd Precinct" everyday and the takeover of an "Attica" every hour, until the amerikan project is deceased and the land has been reclaimed from those who it was stolen from. Since the state and fascists will not hesitate to use all weapons at their disposal to achieve its aims, so will we to achieve the complete abolition of amerika as a nation-state in the social, economic, political, and cultural sense.

In order to prevent the isolation of Black & Indigenous revolutionaries and subsequent concentration of repression by the repressive state and fascist populists on our communities, the movement will necessitate the courageous actions of revolutionaries of every color, creed, and age but especially, white revolutionaries. We say this because of your historic failure to act. We refer to the words of Black Liberation Army's "Open Letter To The White Left In The U.S.,"

"It should come as no surprise then, that the White-left in modern western nations is inhibited by their own urge for bourgeois legitimacy, by their own cultural racism, and by the very process of western, working class cooptation. The sum of these parts add up to the revolutionary bankruptcy of the traditional White left in the modern capitalist nations."

We believe that for any actions taken by white anarchists, socialists, communists, and whatever else you all call yourselves to be truly "revolutionary," not only must they attack the white power structure at the pressure points of capital in solidarity with other assisting forces, but they must attack the white power structure at home. This means creating the psychological break with whiteness and privilege required for establishing new relations amongst human beings and nature itself. In other words, to preserve the lives of countless of oppressed Black and Brown
