

reproduction for firearms are no longer necessary. Until then, no cop is innocent and no military officer will be spared our bullets. We urge the new klan-type militias to think twice before attacking our communities as well. We will not hesitate to defend ourselves. We argue that the violence that once made racial capitalism in general and amerikan fascism in particular the cultural and economic center of the world will destroy it and all it represents from the inside-out.

Conclusion

This document by no means speaks to the objective will of the black masses as a whole. It is simply a reflection by a few anarchist comrades in our an attempt to document insurrectionary anarchism and the path forward to insurrection as we see it. This document was a product of conversations and struggle. We welcome critique, study, and practice. The social revolution in the context of the United States will flow from the actions of the black masses. While anarchists and insurrectionaries must participate, we understand the black masses guide the course of history. We cannot emphasize enough that black anarchists and revolutionaries must take up the critical questions of revolutionary strategy in the coming years. We cannot allow white anarchists or Black vanguardists to dictate how we move. We hope to see this document generate discussion, organization, and further action within black anarchist circles. While many black anarchists are busy doing anarchy, we do feel that black anarchist thought needs more reflection and theorization in order to broaden the scope of what is possible. Forward ever towards black insurrection and the black commune!
