insurrectionists seeking to universalize the black revolt are the “All Lives Matter” types of the anarchist movement.

We risk being accused of perpetuating the “white outside agitator” myth by writing this essay but the reality is that whiteness and anti-Blackness continues even during a riot and after it. It is anti-materialist to ignore these realities by suggesting that once we all get into street, all of our actions are the same in the eyes of the State. These white insurrectionists fail to grasp how their own whiteness continues to exist within and beyond the riot, instead opting to believe that race is magically transcended when they smash a window. White insurrectionists fail to engage with the long histories of Black insurrectionary history in this kountry by trying to import strategies and tactics from other revolts here into the United States... please shut the fuck up about France. This is not to say there are not elements of struggle in places like Palestine and Rojava or Central & South american struggles against the state and police. Our oppression is similar in form and structure and so, our methods of resistance will also be similar. Indeed, we believe white insurrectionists have very little to teach us about our struggle. For instance, the fear and critique around guns at demonstrations that emerged last summer from a number of “anarchist” publications and report-backs speaks to this. Armed struggle has always been a part of Black insurrectionary activity. Further, it makes absolutely no sense to struggle against state and fascist violence using lesser means of violence compared to their own.

Let us remember, amerika has the largest amount of civilian arms available to public citizens in the “developed” world. In fact, armed struggle is a core part of this kountry’s founding documents and cultural development. We plan on using every element of amerika’s creation to destroy it. Why is it not asked why George Washington, Lincoln, even Stalin, Mao, and white anarchists across the world utilize(d) armed struggle? There are no changes to power or domination, but with force. Intuitively, we are well aware of the existence and “doomsday preparation” of far-right militia and fascist cells that are intent on furthering our extinction. We are also aware of the infiltration of these accelerationist fascists into our so-called federal, state, and local law enforcement agencies and the national military. Therefore, we will wage war against white supremacy on all fronts. The white left may believe that either we have a death wish or that our lives are dispensable and we are intent on proving otherwise.

The white anarchists handwringing about “symmetrical warfare” or “horizontal violence” reflects a, perhaps willful, misunderstanding of history and power in this kountry. This kountry has already been in a civil war, the remnants of which form the foundations of the current cultural war. The 2020 rebellions resurfaced white
