

## WORKS

Therefore, the global hardships brought about by today's imperialists and their voracious accumulation of wealth, and their destruction of the environment and cultures will propel the multitudes to use any and all means to bring about the needed changes –or perish. And modern means of communications will provide them with the means to both update and imitate the earlier hydra's strengths, avoid its weaknesses –while guarding against the tendency of the dragons to concentrate oppressive power in its hands.

Thus, since both the shared needs and necessity for change is already present, along with the tools to communicate, then our final consideration is whether or not these masses must centralize their organizing (not to be confused with the obvious need to coordinate their efforts!). To that I answer with an emphatic, 'no!' and further, I contend that such centralization will only make it easier for our oppressors to identify and level repression upon us –prolonging the crisis our generation must deal with.

The historical records of our dragon hydra are clear. The choice is yours as to which you will choose.
