

with anarchism as being the only road to self-determination. As revolutionaries we must support the will of the masses. It is not only racism but compliance with the enemy to stand outside of the social arena and permit America to continue to practice genocide against the third world captive colonies because although they resist, they don't agree with us. If we truly know that Anarchy is the best way of life for all people, we must promote it, defend it and know that the people who are as smart as we are will accept it. To expect people to accept this, while they are being wiped out as a nation without allies ready to put out on the line what they already have on the line is crazy.

Where we live and work, we must Not only escalate discussion and study Groups, we must also organize on the ground level. The landlords must be contested through rent strikes and rather than develop strategies to pay the rent, we should develop strategies to take the buildings. We must not only recognize the squatters movement for what it is, but support and embrace it. Set up communes in abandoned buildings, sell scrap cars and aluminum cans. Turn vacant lots into gardens. When our children grow out of clothes, we should have places where we can take them, clearly marked anarchist clothing exchanges and have no bones about looking for clothing there first. And of course we should relearn how to preserve food; we must learn construction and ways to take back our lives, help each other move and stay in shape.

Let's keep the American and Canadian flags flying at half mast... I refuse to believe that Direct Action has been captured.
