Call for Community Defence Revolutionary Abolitionist Movement (RAM) (2020)

In the wake of the murder of George Floyd we have seen a tectonic shift in the terrain here in the US. The brutal murder of Floyd at the hands of the police seemed to be the final straw for people. In response, rebellion erupted and spread like fire across the American plantation. The magnitude of this rebellion is unlike anything we have seen here on US soil and marks a new front in the struggle for liberation. The rebellion of Minneapolis ushered in a new stage in the people's war against the State.

While the rebellion marks a new stage in the struggle for emancipation, the state has also heightened its repression of the rebellion from propaganda about conspiracies of anarchists and anti-fascists to unleashing federal gestapo on protesters in Portland as well as in other cities across the nation, all in the name of law and order.

Despite the rage and fury of the oppressed facing off with the state's sanctioned violence, pigs continue to murder black and brown people in cold blood as we have seen with the attempted execution of Jacob Blake by a Kenosha pig unloading 7 shots into his back in front of his children. This in turn has sparked a new wave to the rebellion.

Aside from direct repression from the state we are seeing an armed white militia response to the rebellion similar to what has happened in the past when slave revolts erupted against the status quo. We can look back to the Nat Turner Rebellion in Southampton that shook the planter class to their core. Fear of slave insurrections spread from plantation to plantation leading to the brutal massacre of over 100 slaves at the hands of militia.

In Kenosha we have already seen the deadly outcome of a white militia response to the rebellion with the 17-year-old Kyle Rittenhouse murdering two protesters and injuring another as well as violence from Proud Boys and other fascists in other cities such as Portland. All with the stamp of approval from the police and the state.
